About Us

Experience Insurance Claims A Whole Different Way

Founded in 1998, Alternative Claims Services Inc. was started by company Owner/President Gary Hoffman.

After years of experience working as a Regional Manager with a Midwest Insurance Company, Gary Hoffman realized independent firms were missing the corporate experience needed to adequately relate to the carriers. He chose to create a network of experienced, highly-qualified insurance adjusters who receive consistent training on file management, processes, and handling procedures.

Gary was passionate about claims and making a positive change in the Independent Adjusting claims handling process. Backed with his college degree, firsthand knowledge of law enforcement through both the United States Air Force and civilian law enforcement, and his experience as a multi-line insurance adjuster as well as a regional manager with an insurance company, Alternative Claims was founded.

As a privately held independent adjusting firm, ACS provides Property, Casualty, Trucking, Desk, TPA, & Catastrophe Claims Services.

Through years of experience and growth, Alternative Claims Services, Inc. has grown to a nationwide team of adjusters to provide you with the largest proprietary group of professional adjusters in the Nation.

Residential Catastrophe Services

When disaster strikes at home, you want your claims investigated fast and accurately. Alternative Claims Services is able to dispatch a single adjuster or an entire team, depending on the size and scope of damages. This allows us to respond quickly to the insurance carrier's requirements, no matter how extensive those may be.

After the investigation, we provide a comprehensive damage estimate which includes a report detailing what occurred, and photos that support the findings of the investigation. The Insured party can then rest easy, knowing their claim has been processed reliably.

Residential Property

Wind, hail, hurricanes, and fires can wreak havoc on the homes of the Insured and insurance carriers alike. When these catastrophes occur, the number of affected properties can be daunting for even the biggest of carriers. Alternative Claims Services is able to bolster your adjuster team with experienced professionals.

Our nationwide team of 700+ adjusters investigate property damages both big and small. In fact, no matter how large your loss is, our teams investigate each claim individually. Each adjuster comes equipped with individual errors and omissions insurance to provide carriers with the best service available. In addition, we supplement these investigations with advanced technologies like Xactware & Symbility Technologies, or Goldmine CRM.

Auto Appraisal

When catastrophes happen, insurance carriers may not have the time or resources to act as quickly as possible. We investigate the automobile damages incurred due to a catastrophe immediately, appraising the value of damages quickly, accurately, and professionally, allowing insurance carriers to stick to their core duties.

Our adjusters investigate claims based on the regulations provided by the individual insurance carrier. These processes ensure compromised automobiles receive the attention they deserve, while also providing insurance carriers real time insight and visibility into the claims.

When insurance carriers need to service claims for residential catastrophe services, there's one trusted name they turn to: Alternative Claims Services.
